

AskSimple

Asking made *Simple*

I have no idea...
But
Too shy to ask...

Asking Made Simple

How to

Make question answering easier and faster?
Reduce insecurity and hesitancy?

We offer

A service that helps students ask questions
more easily in big classrooms/lectures

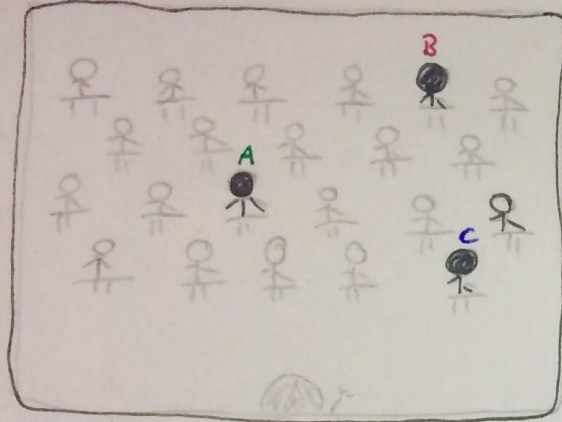

You Get To

	Anonymity	Instant	Easiness
Ask questions	Yes	Yes	
Highlight discussions	Yes	Yes	
Answer questions	Yes	Yes	

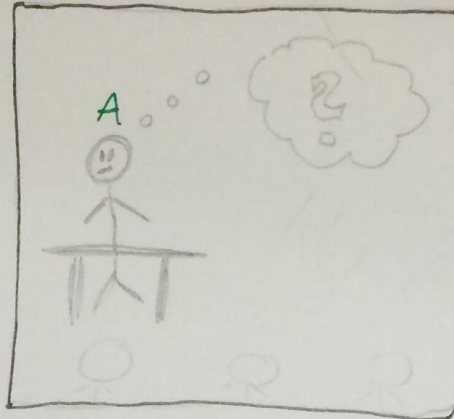

STORYBOARD

1.

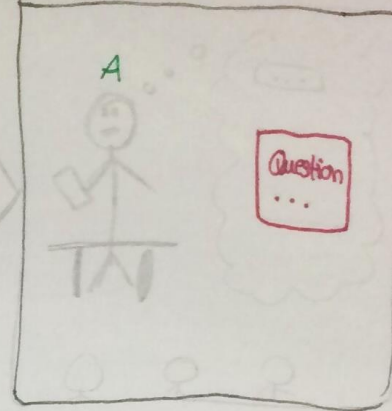

- Location: Classroom (busy)
- Angle: Front or 45°
- Fade in from black (school bell sound?)
- "Classroom noise"
- 3 students unique (for later focus)

2.

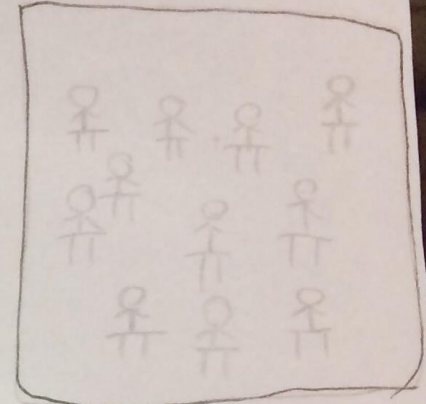

- Focus on one student (either zoom in or cut) A
- Shy student, wants to ask question
- Angle: front, blurry background
- Pop up: Question made in thought bubble

2b)

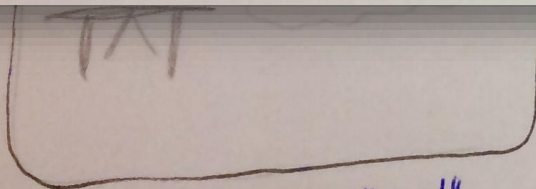

- Same picture as previous
- Pop-up: Typing... sign
- Pop-up?: Question
- "sound": Typing & submitting

Background music:

Transition slide (classroom)

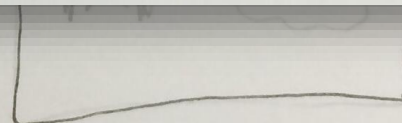

layout still to discuss!

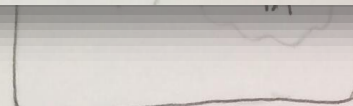

- Focus on student B "sound"
- Bored in class, starts using phone
- Sees list of questions
- Clicks "upvote"

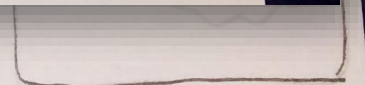

- Classroom (no focus)
- Many pop-ups of upvotes (speech bubbles)

- Focus on student C
- Student sees question
- Student writes answer

- Pop-up: TA approved Answer
- Student happy
- ↳ Notification "Good job"

- Focus on student A
- Student A is happy because of TA approval
- Notification for "Thanks for participating"
